

# Helsinki, Finland

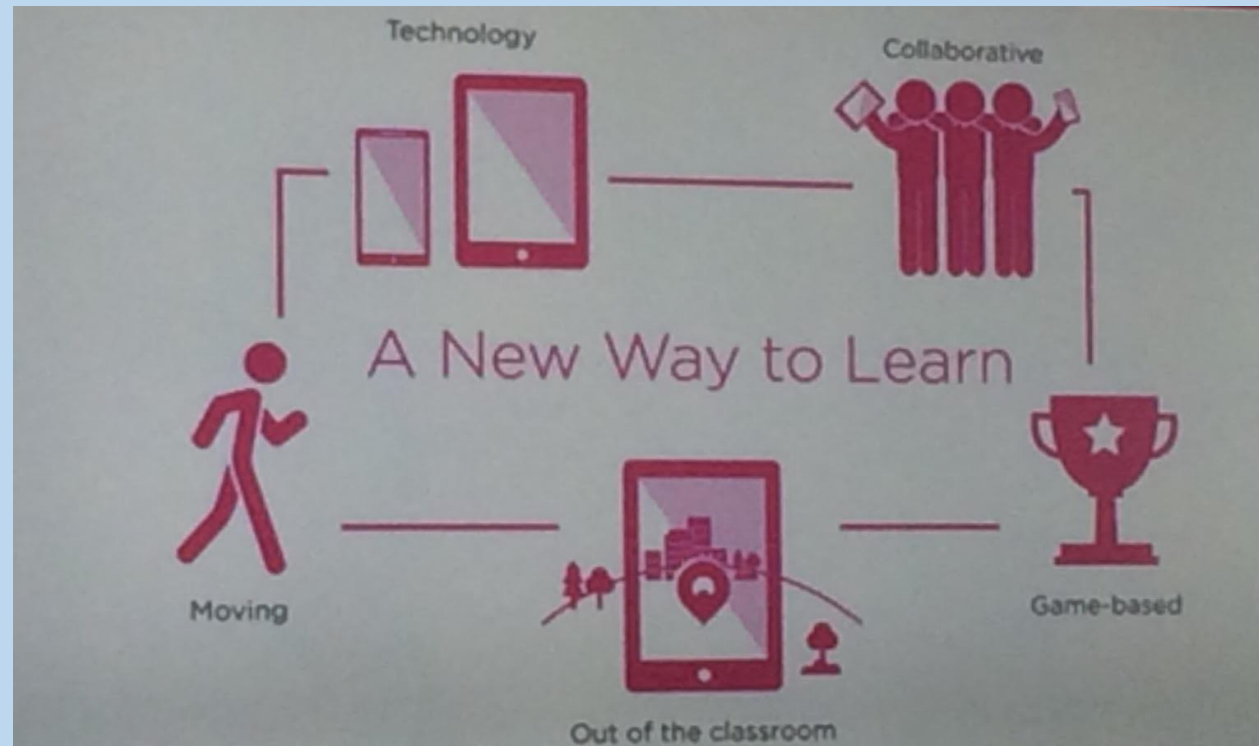

Transnational project meeting  
22<sup>nd</sup> – 26<sup>th</sup> of May, 2018

# Lentava Liitutaulu (Flying Chalkboard)

## How does **seppo** work?

### CREATE GAMES, & TASKS TO THEM

During the games players use their mobile devices to complete a challenging set of **tasks** the **trainer** has created.

### PLAY IN YOUR REAL SURROUNDINGS

Games are played in your **physical surroundings**, not in a virtual world. They can be played inside the office, outside the building or in the city center.

### MONITOR GAME & GIVE FEEDBACK

The **trainer** is always involved in the game monitoring and giving real time feedback to the players.

### TEAMS USE SMART- PHONES AND TABLETS

Teams use smartphones and tablets to open the **tasks**, to search for information, and to submit their solutions.
